

Kids Club

A young girl with blonde hair is lying on her back in a lush green field filled with numerous small white daisies. She is wearing a light-colored, patterned short-sleeved shirt and dark shorts. Her arms and legs are spread out, and she has a peaceful expression. The scene is brightly lit, suggesting a sunny day.

École Montessori
Uzès

Do you enjoy exploring and spending time in nature?
Picking fruits, walking through the fields, observing plants and
insects, cooking, weaving, playing with water, painting with
watercolors outdoors, creating with natural materials... Let your
imagination run wild, a very diverse program awaits you!

A bilingual nature week will take place at the Uzès Montessori school

Bilingual French/English environment for children aged 3 to 10 years-old

From Monday to Friday, from 9:00 a.m. to 5:00 p.m.

The children bring their lunch and a water bottle. Snack is included.

The cost for a five-day week is €260.

Dates: Week of July 8 to 12
Week of July 15 to 19
Week of July 22 to 26

Nature et eau

3 to 6 years

Come have fun for a week! You'll participate in cool group activities, games, and nature walks.

There'll be free time to explore and let your imagination roam in the fields and streams.

You'll also prepare delicious recipes to enjoy during some of the snack times

EDUCATIONAL OBJECTIVE

Nature awareness, environmental discovery, creativity development, socialization through both free play and structured games. Quiet times are scheduled (reading, naps for the younger ones). Your child will learn in a fun environment.

ON THE PROGRAM EACH WEEK:

Water games

Hiking and observation (*collections, gathering*)

Cooking (*cakes, wild cooking*)

Pottery

Music, singing, dancing

Drawing, painting

Free play (*wooden farm, dolls, tea set, wooden cars*)

Outdoor activities (*mandalas, hut, garlands, pebbles*)

Quiet time (*teepee with cushions and reading materials provided*)

Nature en folie !!

6 to 10 years

Do you enjoy exploring and spending time in nature? Picking fruits, going for walks, observing plants and insects, painting with watercolors outdoors, creating with natural materials...

A very diverse program awaits you!

EDUCATIONAL OBJECTIVE

Discover a variety of activities that are both fun and educational, all related to nature. Your child will learn to identify different species of plants and insects, and understand their roles in the ecosystem. Through these activities, they will also develop their imagination, creativity, and coordination.

ON THE PROGRAM EACH WEEK:

Water games; Hiking and observation (*creating an herbarium, collections, gathering*); Cooking (*cakes, wild cooking*); Pottery; Watercolors, drawings; Artistic activities (*wool, weaving, bracelets, felt, masks, models*); Outdoor activities (*mandalas, making a kite, watermill, hut, garlands, pebbles*)

A SPECIFIC ACTIVITY EACH WEEK :

Week from July 8 to 12: Canoeing on the Gardon

Week from July 15 to 19: Tree climbing

Week from July 22 to 26: Grotto Exploration
